The Government of Mysore are pleased to direct that in Sections 6 and 16 of the Special Rules under the Land Improvement Loans Regulation contained in Notification No. 183, dated 21st July 1891 and amended by Proceedings No. 10731-9—R. F. 109-92, dated 20th December 1894, the words "at 3 per cent per annum" be added after the words "with interest" as follows:—

6. "A special annual charge shall be made upon the land assigned as the ayakat (irrigable "area) of the well for re-payment of the debt and interest thereon. It shall not exceed "Rs. 5 per acre of the irrigable area, and when in arrear shall be recoverable with "interest *at 3 per cent per annum* as an arrear of Land Revenue and also as provided "for in these rules."

16. "On receipt of an application, the Amildar shall inspect the land and make summary "enquiry in the village as to the correctness of the entries in the application, and shall "report whether the land will be commanded by the well; and what will, judging from "that of like land in the neighbourhood, be the market value of the land if the well "is successful. The report shall be transmitted to the Divisional or other Officer ap- "pointed for the purpose, who shall examine whether the loan can be made under the "rules, and, if no objection is found, shall accept the application and order the Amil- "dar to advance one-third or half the amount of the loan applied for, after taking an "agreement from the applicant to the effect that the money received shall be applied to "the purpose intended, and that a substantial and properly constructed well in full "working order shall be completed within the time allowable for the execution of the "work. Such time shall ordinarily be six months, but in case of loans exceeding "Rs. 300, the Officer granting the loan may extend it to one year. When the first in- "stalment of the loan advanced is expended, the applicant may apply to have the work "measured and estimated, and, if work is found to have been done to the value of the "first instalment, a second, not exceeding one-third or half the loan applied for, may "be advanced; when work for this amount also has been executed, the remainder of "the loan, if any, may be advanced. If, however, it becomes impossible to complete "the well within the sanctioned loan, an application for an additional loan may be "made after the amount originally applied for and obtained has been fully expended. "On receipt of such application, the work done should be measured and the cost estim- "ated. After satisfying himself that the further loan applied for, or a portion of it, "is necessary for the proper completion of the well, the Divisional or other Officer ap- "pointed for the purpose may sanction the payment of such loan in such instalments as "he may deem proper, provided, however, that the conditions of Rules 2, 5 and 6 are "not infringed. No interest will be charged on the instalments thus advanced. If de- "fault is made in the construction of the well, the amount of the preliminary advances "authorized by this rule will be recoverable *with interest at 3 per cent per annum* from "the applicant as arrears of Land Revenue. But when the work is not completed, hav- "ing had to be abandoned owing to causes beyond the applicant's control, such as no "water being found, the expenditure incurred shall be borne by Government."
